The Nevada Fire Safe Council

The Association was approved for a matching grant through the Nevada Division of Forestry and the US Forest Service for fuels reduction. The Nevada Fire Safe Council will be coordinating the project this spring.

Please remember that this grant is a cost share agreement between NFSC and the Association. It has been explained that The Vistas Homeowners Association's portion can be hard dollars or a soft match. Soft match can be earned through time and energy spent by the HOA and individual homeowners in any aspect of fuel reduction (i.e. raking leaves, cleaning out rain gutters, attending education classes, weed abatement behind your home, etc.) So please document your work and the time it takes and submit it to the office.

If you have any questions give the office a call.

In these difficult times recycling material becomes a target for unwanted activity in neighborhoods. To reduce this unwanted activity, place your garbage can and recyclables out the day of pick-up.

Board Election Information

Please note that the Association will NOT be preparing or mailing ballots since NRS 116 changed its requirements that "If the number of nominated candidates is equal to or less than the number of members to be elected at the close of the 30 day period for self-nomination, then ballots do NOT need to be mailed". The nominated candidates will be deemed to be duly elected to the Board unless a qualified unit owner self-nominates within 30 days after this notice and the number of unit owners who submitted such self-nominations now causes there to be more candidates than the number of members to be elected.
