I Call to Order

Dave Sexton called the meeting to order at 6:32 p.m.

Introduction of Board members and staff, Dave Stefan, Larry Kleinworth and G' Richmond was absent. For the record it was stated the meeting would be recorded.

II Membership Forum

- A homeowner complained about the weeds growing in the association's lot on Palo Alto. Stacie will follow-up with Dave Stefan who had been dealing with the issue previously.
- Homeowner asked about the weeds on Southview Drive by the stairway and said there was a water problem near one of the trees. National Landscape will be contacted to take care of the problems.
- A question was asked when the dead pine tree on Orinda would be cut down. National Landscape will be removing the tree. Another homeowner asked if the tree could be replaced. Dave Sexton said that the Board would look at replacing the tree.
- Homeowner asked if the landscapers could cut the branches on the trees that are growing over the pathway. It was explained that now is not the time to trim trees but would be trimmed at the appropriate time.
- A question was asked about the policy for trees in the front yard. It was explained that the CC&R's required the builder put two trees in the front yard. If trees are removed or the landscaping is changed, approval must be received from the Architectural Control Committee.
- A homeowner suggested the creation of a committee to try to deal with the issues pertaining to each village in the association. Neighborhood and vacation watch program, help to encourage homeowner membership with the Nevada Fire Safe Council were a few of the suggestions for this committee. A committee charter will need to be established with a specific purpose and responsibility. A list was circulated to see who would be interested in serving as possible committee members. Dave Sexton suggested that we could also put the information in the newsletter.

III Council Representative – Mike Carrigan was not present at the meeting.
